Fax: 01753682493

Description:- Application of wet paint systems and pretreatments for the Aerospace, Defence, Medical and specialist industrial sectors.

Why use us:- We have a competitive advantage over other paint finishers.

1. We own our own paint distribution company, **MILITARY AND AEROSPACE COATINGS LTD** which is accredited to **AS9120**.
2. That means we hold many **US and UK Military** paints in stock.
2. It also means less suppliers for you.
3. And less paperwork for you to track.
4. Quicker lead times, we don't have to deal with a middle man to buy paint.
5. And ultimately cheaper and quicker turnaround times for you.
6. Our quality system is to **AS9100 Rev D** and we have leading industry accreditations.

Approvals and Customers:- Airbus (many approvals please see website), SAFRAN AIRCELLE, Triumph Structures, MBDA, Cobham, Ultra Electronics, Morgan Advanced Materials, Bosch Rexroth, Jankel, RTI, Keeler Medical, Meggitt, Martin Baker, Kent Periscopes.

Equipment:- 3x large fully enclosed Clean Spray Rooms with integrated ovens. 2x temperature and humidity recoding/sensing ovens. 6x Water Back and 1x Dry Back Spray Booths. 7x Large Box Ovens. Large Container Blast Cleaning Room plus Hand Cabinets. Surtec and Alocrom processing facilities. Testing Equipment. Lifting and Handling Equipment. Delivery Vehicles.

Certificates:- Full Certificates of Conformity (CofC) provided. Flying part full traceability. Paint full traceability. All at no additional cost. Full testing.

Contacts:- T. Bourke Managing Director. P. Laflin Production Director. E. Riches Quality Director. M. Bergrova Human & Resources Director.
